USMLE/COMLEX Score Verification

Main Residency Match

Users:
- Osteopathic School Officials (SOs)
- Osteopathic School Administrators (SAs)
Note: The USMLE /COMLEX Score Verification guide explains how to complete this task using a desktop computer. The menu options are the same whether using a mobile device or desktop.

After the Main Residency Match has concluded, NRMP asks osteopathic medical school officials and administrators to verify, and update if necessary, the USMLE and COMLEX scores of students and graduates who participated in the Match. Score verification in the Registration, Ranking, and Results® (R3®) system ensures the NRMP possesses the most accurate applicant data for its reports and publications, including Charting Outcomes in the Match.

Although verification is voluntary, each school that completes the score verification process will receive, in September, a Characteristics of Matched Seniors report comparing the characteristics of the school's matched senior students with national percentile information.

To address confidentiality concerns, the Match Participation Agreement states that applicants authorize their medical schools to release, verify, and transmit COMLEX and USMLE test scores to NRMP. In addition, during the Match registration process, applicants may elect not to enter their scores in the R3 system and/or opt out of having their scores used for research.

Login:

1. Enter the Username and Password you created for accessing the R3 system.

2. Click Login.
3. The **Match Home Page** displays for your school.

**Students and Graduates:**

4. There are two options to view your students and graduates.
   a. Click **School → Students and Graduates**.
   b. Click the **Review Applicants** button.
Students and Graduates Page:

5. The Students and Graduates page displays. This page displays the applicants who registered for the Match. The information and functionality on this page changes throughout the Match season to allow you to verify each applicant’s graduation status, SOAP status, and the USMLE and COMLEX scores.

6. After the Match concludes, the USMLE and COMLEX columns are available for score entry, score edits, and final score verification.
   
a. Displays the USMLE Step 1/Step 2 CK Score column. Note some score fields are empty or may display incorrect scores.
