

Supplemental Offer and Acceptance Program® (SOAP®) 2019 GUIDE FOR APPLICANTS

The Match Week Supplemental Offer and Acceptance Program® (SOAP®) is the process for offering positions that are unfilled after the matching algorithm has been processed to eligible unmatched and partially matched applicants. The National Resident Matching Program® (NRMP®) manages SOAP in the Registration, Ranking, and Results® (R3®) system, and the Association of American Medical Colleges® (AAMC®) delivers SOAP applications through the Electronic Residency Application Service® (ERAS®).

Eligibility Criteria

To be eligible to participate in SOAP, applicants must be:

- 1) Registered for the Main Residency Match
- 2) [Eligible to enter graduate medical education](#) on July 1, 2019, as verified by the applicant's medical school or the Educational Commission for Foreign Medical Graduates® (ECFMG®)
- 3) Partially matched or fully unmatched on Monday of Match Week

There is no separate registration for SOAP, and applicants do not submit a rank order list.

On Friday, March 8, 2019, at 12:00 p.m. Eastern Time, NRMP will notify all applicants by email whether they are SOAP-eligible. This notification is not an indication of whether applicants are matched but rather an indication of their ability to participate in SOAP if they learn on Monday of Match Week that they are unmatched or partially matched. SOAP eligibility also will be posted to the applicant's home page in the R3 system.

Preparing for SOAP

Tasks in ERAS

Before Match Week, applicants should take a few steps to be sure they are ready to participate in SOAP if they are unmatched or partially matched on Monday of Match Week:

- Login to MyERAS (www.aamc.org/myeras).
- Make sure your MyERAS application is complete. You must certify and submit your application before you can apply to programs.
- Keep your Personal Information (including your NRMP ID) updated in MyERAS.
- If you have updates or information you would like to add and are not able to do so in the application, you can provide this information by updating or adding a new personal statements.

- Upload any necessary documents such as letters of recommendation before Match Week, as some documents require time to process before they are available in MyERAS.

SOAP Resources

Before Match Week, applicants are encouraged to explore the following resources and schedule for a better SOAP experience:

During SOAP

SOAP Fees in ERAS

- If you applied through ERAS to at least one ACGME-accredited residency program before 11:00 a.m. ET Monday, March 11, 2019, you will not pay any SOAP application fees. (Only applies to ERAS 2019 season applications. Prior years' applications are not counted toward the current application season.) For information about non-SOAP fees, visit [Fees for ERAS Residency Applications](#).
- If you did not apply to at least one ACGME-accredited residency program before SOAP and you are SOAP-eligible, you will pay a \$99 fee for participation in SOAP. This fee covers the 45 total applications you are allocated during SOAP. If you have not sent your USMLE or COMLEX-USA, a fee of \$80 per transcript applies.

Rules

- SOAP applicants may apply only to programs on the NRMP *List of Unfilled Programs* and must use ERAS to apply. Fully unmatched applicants will be able to apply to all programs. Partially matched applicants will be able to apply only to the program types (categorical, advanced, preliminary, reserved) for which they are eligible.
- Applicants can apply to a total of 45 programs for the entire SOAP process. This number includes both new programs and any programs where the applicant applied during the regular 2019 season.
- Applicants can withdraw an application after it has been submitted, but it still will count toward the 45-application limit.
- **Applicants and individuals acting on their behalf CANNOT communicate with programs until programs initiate contact during SOAP.** Applicants who violate this rule will be investigated by the NRMP and may be barred from SOAP the following year.
- Applicants are prohibited from copying, posting, or in any way sharing or making publicly available the *List of Unfilled Programs* or any Match information

contained in the R3 system to anyone who did not register for the Match or who is otherwise ineligible to view the *List*.

- Positions offered and accepted during SOAP establish a binding commitment enforced by the NRMP Match Participation Agreement.
- Offers rejected or expired will not be extended again to the same applicant in future SOAP Offer Rounds.

SOAP Process and Offer Rounds

SOAP-eligible applicants view the *List of Unfilled Programs* in the NRMP’s R3 system and then apply for unfilled positions through ERAS. Programs contact applicants and create preference lists in the R3 system. Positions are offered to applicants through the R3 system during three SOAP Offer Rounds. For each Round, positions are offered based on the order of the applicants on a program’s preference list and according to the number of unfilled positions remaining in the program, and applicants can receive multiple offers in any Offer Round. Each Offer Round is two hours, during which applicants accept or reject offers they have received. Applicants are unable to apply to programs during Offer Rounds 1 and 2. Offers not accepted or rejected expire automatically. A majority of positions fill during the first SOAP Offer Round.
